wnv@internationalbonsai.com

Seedlings • Nursery Stock • Pre-bonsai • Bonsai

**Japanese Black & Red Pine • Chinese Quince • Crabapple
Juniper • Cherry • Wisteria • Japanese Maple • Spruce
Hornbeam • Snowbell & Flat Planting Stones**

I continue to extensively travel in the US and internationally as a demonstrator and judge. These increased activities have limited my time at home to care for my personal bonsai collection and nursery. It has also put a strain on my dedicated volunteers who have been so fantastic and supportive. Therefore, seedlings, pre-bonsai and bonsai have been selected and will be sold at **discounted bargain prices** at this *one time only sale* which will allow me more time for teaching and training bonsai. Many of the plants are excellent for beginners. Older established bonsai "project trees," also need a new home. Some groups of plants are good for club workshops as well.

Come, visit us on July 28-29th and take home good, healthy plants for your bonsai hobby. This special deep discount sale will only happen once!
